

<p style="text-align: center;">GRASSES</p> <p style="text-align: center;">Seed</p>			
COMMON NAME	SCIENTIFIC NAME	VARIETY	COMMENTS
Buffalograss (native)	<i>Buchloe dactyloides</i>	Sharp's Improved (warm season grass)	seed rate 1-2 lbs./1,000 sq. ft.-lawns
	<i>Buchloe dactyloides</i>	Texoka (warm season grass)	seed rate 1-2 lbs./1,000 sq. ft.-lawns
	<i>Buchloe dactyloides</i>	Top Gun (warm season grass)	seed rate 1-2 lbs./1,000 sq. ft.-lawns
Bermudagrass	<i>Cynodon dactylon</i>	Midlawn (warm season grass)	seed rate 2-3 lbs./1,000 sq. ft.-lawns
Kansas Premium Fescue Blend	<i>Festuca arundinacea</i>	Equal parts - Olympic II, Bonanza, Apache, Monarch	seed rate 6-8 lbs./1,000 sq. ft.-lawns
Tall Fescue	<i>Festuca arundinacea</i>	Eldorado (cool season grass)	seed rate 6-8 lbs./1,000 sq. ft.-lawns
	<i>Festuca arundinacea</i>	Monarch (cool season grass)	seed rate 6-8 lbs./1,000 sq. ft.-lawns
	<i>Festuca arundinacea</i>	K-31 (cool season grass)	seed rate 6-8 lbs./1,000 sq. ft.-lawns
	<i>Festuca arundinacea</i>	Rebel II (cool season grass)	seed rate 6-8 lbs./1,000 sq. ft.-lawns
	<i>Festuca arundinacea</i>	Rebel 3D (cool season grass)	seed rate 6-8 lbs./1,000 sq. ft.-lawns
Ryegrass	<i>Loium perenne</i>	Pennfine (temporary seed)	seed rate 5-6 lbs./1,000 sq. ft.
Kentucky Blue Grass	<i>Poa pratensis</i>	Baron	seed rate 2-3 lbs./1,000 sq. ft.-lawns
	<i>Poa pratensis</i>	Glade	seed rate 2-3 lbs./1,000 sq. ft.-lawns
		Sod	
Buffalograss (native)	<i>Buchloe dactyloides</i>	Female clones only of seed varieties	well suited for low maintenance
Bermudagrass	<i>Cynodon dactylon</i>	Midfield (warm season sod)	rapid establishment-long lasting
Tall Fescue	<i>Festuca arundinacea</i>	Eldorado (cool season grass)	sensitive to drought-vigorous
	<i>Festuca arundinacea</i>	Monarch (cool season grass)	sensitive to drought-vigorous
	<i>Festuca arundinacea</i>	K-31 (cool season grass)	sensitive to drought-vigorous
	<i>Festuca arundinacea</i>	Rebel II (cool season grass)	sensitive to drought-vigorous
	<i>Festuca arundinacea</i>	Rebel 3D (cool season grass)	sensitive to drought-vigorous
Kentucky Blue Grass	<i>Poa pratensis</i>	Baron	sensitive to drought-vigorous
		Glade	sensitive to drought-vigorous
